THE FEI CODE OF CONDUCT

FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. **The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.**

A full copy of this Code can be obtained from the Fédération Equestre Internationale, Avenue de Rumine 37, 1005 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English & French. The Code is also available on the FEI's website: www.fei.org.

Athletes

4.1. A full Nations Cup team comprises four Athletes each riding the same horse throughout the competition. All members of each team must take part in the first round, except as stated in paragraph 4.2 below and in paragraph 7.2.

4.2. If a team, comprising four Athletes, cannot improve its placing in the first or second round after its third Athlete has completed his course, the fourth Athlete may be withdrawn.

Participation

Participation in Nations Cup competitions is subject to the following conditions:

5.1. The Athletes and horses are chosen from the official team, declared by the Chef d'Equipe before the first competition. The Chef d'Equipe will, on the day preceding the Nations Cup, declare the four Athletes and horses, including their starting order;

5.2. When a team can only provide three Athletes and three horses, its Chef d'Equipe must start his three Athletes and horses;

5.3. Except in circumstances beyond control recognised as such by the Ground Jury, participation in this competition is compulsory for all nations officially represented by at least three Athletes, failing which a team, which abstains or withdraws will be deprived of all prize money won during the whole event. In addition, they will lose all right to travelling and living expenses;

5.4. When three or more Athletes of the same nationality from a country which is not officially represented have been entered as individuals, they must make up a team for the Nations Cup unless their NF has informed the Organising Committee seven days before the event that these Athletes may not take part in the Nations Cup. In this case, the Organising Committee has the right to refuse the entries of these Athletes as individuals;

5.5. In the event of an accident or illness to an Athlete and/or horse, between the submission of the declaration and one hour before the start of the competition, the Athlete and/or horse may on production of a certificate from an officially recognised medical doctor and/or with the permission of the Veterinary Commission and after approval by the Ground Jury be replaced by another Athlete and/or horse entered with the definite entries for the official team (253). In the event of substitution, the starting order remains unchanged.

If all NFs are permitted to enter individuals in addition to team members, substitution of an individual rider onto a team is permitted in the case of illness or accident where the maximum number of team members allowed to participate is four.

6. Order of starting

6.1. The starting order of the teams in the first round is determined by a draw in the presence of the Ground Jury and the Chefs d'Equipe. The draw will take place at a time fixed by the OC in agreement with the Ground Jury.

6.2. All the Number Ones start first in succession, then all the Number Twos and so on. The Chefs d'Equipe of teams comprising only three Athletes may choose in which of the three positions out of four they will start their Athletes.

6.3. The starting order of the teams in the second round will be in the reverse order of the total penalties in the first round of the best three Athletes in each team. In case of equality of penalties the teams will retain the starting order of the first round.

The Athletes in each team start in the same order as in the first round.

Number of teams and Athletes in the second round

7.1. 5* Nations Cup

The best six teams after the first round take part in the second round with four Athletes per team, except otherwise provided in paragraph 4.2 and 5.2 above; Those teams equal on penalties for sixth place will be separated by the total times of the three best Athletes of each team in the first round.

The OC must decide during the draw for the Nations Cup whether the home team will return for the second round as seventh team, if it is not qualified among the six teams eligible to take part. The home team will only be permitted to return for the second round, if there is a difference of not more than eight penalties between the home team and the last qualified team for the second round.

Placing and classification

Classification of the teams not taking part in the second round is based on the total penalties of the three best Athletes of each team in the first round. Teams with equality of penalties are placed equal.

9.2. Placing of teams after the second round is decided as follows:

9.2.1. 5* Nations Cup

The total penalties of the best three Athletes per team in the first round are added to the total penalties of the best three Athletes per team in the second round.
